Jamie Leopold	
Wayne Corbin	

3. Approval of Agenda:  
Ray Approve/Kodie Second

4. Reports of Board of Directors in writing or read: See below Financial Report

- 4.1 President
- 4.2 Vice-President
- 4.3 Treasurer
- 4.4 Director of Hockey
- 4.5 Head Coach
- 4.6 VP Recreation
- 4.7 VP Female
- 4.8 Ice Chairperson
- 4.9 Referee-in-Chief
- 4.10 Fund-Raising Coordinator
- 4.11 Publicity Director
- 4.12 Registrar
- 4.13 Development
- 4.14 Equipment Coordinator

5. Reports of Standing and Special Committees - None

6. Amendments to the Constitution - None

7. Amendments to the By-Laws - None

8. Old Business

- Grey Jay and if our association was going to adapt: This will be dependent on the leagues adoption but we will be keeping TeamSnap in place for the 2022/23 season
- Timekeepers and the need of more training
- Esso Girls Hockey Program

9. New Business:

Nathan Macdonald wants to discuss a plan for U7 next year a committee

Leo presented Ray with a award for Dedication to Hockey in NS

10. Election of Officers - None

11. Next Annual General Meeting - May 16<sup>th</sup> 2024

12. Adjournment: 9:13pm

## 2023 - Financial Report - Full report on Website

### WEST HANTS MINOR HOCKEY ASSOCIATION STATEMENT OF OPERATIONS AND CHANGES IN FUND BALANCES For The Year Ended April 30, 2023

	2023	2022
<b>Income</b>		
Registration	\$ 188,958	\$ 202,300
Fund-raising, development and other income	85,467	53,010

<b>Excess of revenue over expenditures</b>	<b>17,280</b>	<b>1,506</b>
<b>Fund balances, beginning of year</b>	<b>52,851</b>	<b>51,345</b>
<b>Fund balances, end of year</b>	<b>\$ 70,131</b>	<b>\$ 52,851</b>

## Reports of Board of Directors in writing or read:

### President

The 2022-23 season brought us a lot of wins! Restrictions being lifted for a full season seeing our athletes and their families enjoying extra bonding on and off the ice was a long awaited season. Our registration numbers we again holding strong against previous years and am very proud for how our association navigated the tough COVID years without loosing overall numbers. Our Recreation program was extremely strong again this year and may need to look into breaking it into two groups if the high numbers continue. I was sad to report at the beginning of the year that we would not have enough players for a u15C team but worked with neighboring association to find everyone homes. Our biggest win of the year came from seeing our group of Females in the recreation program the last 3 years finally get a chance to stay at home and play in a recreation league against other female teams. This is a first for our area since I have been on the board and something we have been striving towards for many years, we hope that this relationship blooms with Valley Wild and our female numbers in our area grow. Getting back to tournament play we were delighted to have our Birthplace of hockey return and hats of to Adam for organizing it in a way to where there was little to no cost for our teams.

This will be my last year as president and I'm delighted to turn the association over to this amazing board. The passion they have to do the right things for the right reasons is remarkable, we have all been pulling this ship in the same direction and can't wait to see the new ideas that will push the association further.

Special thanks to Adam and Jamie who move on as well this year and thanks them for all their contributions to our association

### Vice-President

Our 2022-23 Season was my fifth year in the VP role. Covid seems to be behind us now and this past season seemed like old times. I appreciate and respect all the behind-the-scenes work that goes into making a Minor Hockey program run smoothly. All of our Hockey volunteers did an amazing job!! We are going to miss Ray, Jamie, and Adam as we move forward. These are some big shoes to fill. As VP, part of my role is Dispute Resolution, and although I cannot go into any detail, I had another busy year with a wide range of issues. We had 15 new HNS suspensions throughout this season, ranging from one game up to seven games. Looking forward to a new Season next year.  
James Hart Vice President, WHMHA

## Treasurer

The un-audited year-end statement for the fiscal period from May 1, 2022 to April 30, 2023 is provided. Our financial records are currently with Davison Accounting for year-end statement preparation. As of April 30 th , the Association has ~\$46,823 in retained equity and an additional ~\$4,619 in funds held as registration credits for members for the 2023/2024 season. There is an additional \$18,687.5 in accounts payable due to an outstanding cheque that has not been cashed by West Hants Regional Municipality and does not yet appear in our expense statement. There are no overdue registration fees at this time, and we are still waiting on year-end financial reports from the majority of teams.

This is the first year that we were able to hold the Birthplace of Hockey C-Level tournament around march break. A summary of the tournament financials is also included in the attached pages. A big thank you to all the volunteers who helped make the weekend such a great success.

## Director of Hockey

Here we are the 2023 AGM.

Our Minor Hockey Association, had a great year of growth, adding a female program along with some great new board members.

We had a lot of challenges maintaining minor hockey through the pandemic years, but the future of the organization looks great due to our resilience through the pandemic.

Our first order of business this past season for our competitive teams was the selection process for our regional U13 AAA level Team, based out of Acadia. The team was comprised of players from the Nova Zone Region, Acadia, Western Valley, Clare and West Hants. West Hants, was well represented by our home grown, Warriors, who donned the jersey for this program during the 2022-23 season..

Our checking clinic, process, was up next, to help our players be prepared for tryouts and the upcoming season with body contact. I'd like to thank Gregg Riley, Ryan Knowles and Josh Dill, for taking the time to help with this process. Josh and Ryan's, many years of High, Level junior hockey experiences', were a tremendous resource during this process.

Then it was time once again to put together our condensed version for tryouts so we could select our teams and get the season started on time. With a few tweaks to the process, from the year before we were quickly underway ... The Valley Maple Leafs once again were a huge resource for our player evaluations.

Our most dedicated volunteer and biggest Warrior of Tryouts was Rob Hood, he was our Lead instructor for all ice sessions. He provided us with strong on ice leadership and direction for the players, and the volunteer on ice help. Robs leadership and knowledge kept everything running efficient and clear. The great job Rob, did however should not overshadow the Great job Graydon Mole did with running the on

ice, goalie evaluations and directing his volunteers. Both were fantastic Thank you both for making tryouts so smooth.

I highly recommend keeping the condensed format for tryouts next year.

Based on our tryouts we were able to ice competitive teams at the following levels;

U11-A  
U11-B  
U13-A  
U13-B  
U15-A  
U15-AA  
U18-A

Our competitive Teams from U9 to U18, had very productive seasons for Development and success, on and off the ice.

Development over all was tremendous by all coaches at these levels, each level provided its own sets of challenges with each coach providing strong on ice and off ice leadership to their teams.

Our U10 and U7 programs had amazing leaders providing our youngest warriors with a great experience. Again, demonstrating West Hants, is in great shape for years to come.

Our young officials at the competitive level had another strong season of growth, looking forward to seeing them continue to grow in this role with the game. Where many organizations have been falling off West Hants has been growing with strong young officials, well done everyone.

Like True Warriors, I believe no matter what the challenge was this year our team of board members, volunteers and players accepted the challenge, from the start of the year to the end of the year True Warriors.

In closing this will be my final AGM, report, as I will be stepping down as Director of Hockey. Thank you to everyone for the great support over the years while I tried to navigate role of Director Hockey for West Hants, it was truly an Honor.

Go Warriors Go !!

**Thank you,**

**Jamie Leighton  
Director of hockey  
West Hants**

## Head Coach

As the 2022/23 season has come to an end, I wanted to take the opportunity to thank all the coaches, managers, and volunteers from all the teams within our association. I can't stress the importance that the coaches and team staff have within our association in the role they play in providing our players with a positive and memorable experience.

After having the previous three seasons affected in some ways by covid it was nice to finally return to a normal hockey season without any pauses or closures for the entirety of the season.

West Hants Minor Hockey Association continues to invest in team staff as we welcomed new coaches, had coaches complete higher level training (Coaching Development 1) and had team coaches and staff complete the Trainer / HU Safety Course which is to be renewed every 3 years. During the 2022/23 season, West Hants Coaches/Volunteers completed the following Courses:

Course Name	# of Participants
Coach Development 1	9
Coach – Intro to Coach 1/2	12
HU Safety	21

It is to be noted that Hockey Nova Scotia enforces a December 1st deadline for all required certifications for team staff individuals. Therefore, it is imperative that team staff continue to stay on top of their qualifications and ensure they are compliant with the requirements to be a volunteer. In the past few years, and again this year, there has been long lists of missing requirements while nearing the December 1st deadline and it becomes a vast undertaking to try and ensure everyone completes any required certifications prior to the deadline in order to avoid any volunteers being removed from the team or suspended.

Coaching applications for the 2022/23 season will be available mid-August and coaches are reminded to watch the westhantswarriors.com website throughout the summer for any updates.

Thank you all for a great first season and looking forward to the 2023/24 season.

Todd Chiasson

Head Coach WHMHA

## VP Recreation

With the completion of the 2022-23 season in the AVMHL our association was represented in 3 divisions. This was the first year we were not able to field a U15-C team. The league Day of Champions was held on March 3-5 in Berwick although we had no teams reach the finals, I seen great improvement in all teams through the season. As always, I like to thank the volunteers who made this season a success for our players.

**JEFF DAVIS**

## VP Female

Recap: Female Camp in September run by Avon View Girls - Many new players came from this venture, some with WH some with VW. A similar camp will be run in September of 2023. Worked with VW to set up an opportunity for a U11 Rec team based out of West Hants. VW will be reaching out to parents of players to help them tweak the process and improve the experience for players. This team paired off with our High School team to develop a great bond. It was a great experience for both teams. As of now, having both a U11 rec and U13 rec team is being investigated. We will be hosting a two day try hockey program for girls, also in September to provide an opportunity to have some fun and hopefully register for one of our programs. We will be hosting an all female u9 team out of WH if numbers are still there. In casual discussion this is something many would like to have.

Rob Davies

## Ice Chairperson

This year the ice schedule accommodated 14 WHMHA teams. The division demographic was 1 U7 group, 3 U9 teams, 3 U11 teams, 3 U13 teams, 2 U15 teams, and 2 U18 teams. This was one team less than the 2021-22 season. In addition to team ice, the association dedicated ice slots to the player/goalie development programs and the Friday night recreation program. For ice assignments each team received 1 practice ice per week and 1 game ice per week.

This season the player development program was pay to play format. Initial plan was to have one U9/11 group and one U13/15 group but due to lack of interest there was a single combined U9/U11/U13 group. The development program consisted of 8 skills development sessions prior to the x-mas break and 6 full ice scrimmage sessions after the x-mas break.

The association used 727.9 hours of ice throughout the 2022/23 season, excluding tryouts & BOH ice. This consisted of 415 hours in Newport and 312.9 hours in Windsor with a typical regular season weekly breakdown of 23 hours per week in Newport and 16 hour per week in Windsor. The cost of ice in Newport for the 2022/23 season was \$225/hour (up 7% from the 2021/22 season rate of \$210/hr. The cost of ice in Windsor for the 2022/23 season was \$230/hour, down 5% from 2021/22 season rate of \$242/hour.

At time of writing there is no indication of the ice rates for next season.

For the past few season the weekend game schedule for Bantam & Midgets Rep games were scheduled back to back at the same arena so that games for this level were not occurring at both rinks simultaneously. These games require 4 officials and with current official numbers the Referee in Chief was struggling at times to line up officials in past years. This scheduling arrangement should continue be carried forward into future years.

In speaking with the rinks, the weekend game ices ended the day 10 minutes ahead of the daily end of schedule.

Within the day there were also times that ice was ready but games did not start until their scheduled time. Looking forward into the 2023-2024 season consideration should be given to making the Weekend game slots 1:20 or 1:25 in duration with a 10 minute buffer at end of day. This will keep games flowing back to back and leave a cushion at the end of the day should game start times start to fall behind.

Some other notable points from the 2022/23 season; The high interest level for the West Hants Sports Complex by other user groups resulted in less ice being made available to the WHMHA. WHMHA was

able to secure additional ice in Newport to meet the demand of the association. This is reflected by the ice split between Newport/Windsor as detailed above.

During the past few seasons the ice schedule was adjusted for weekend games such that the floods were done every two (2) periods as opposed to after every first (1st) period. This resulted in a 1.5 hours of ice time savings each weekend. This has worked OK and has become the normal expectation. Teams were reasonably good at providing the ice chair with early notification if they could not use their regular scheduled ice. This allowed the ice chair time to re-assign the ice to an alternative user or cancel the ice slot without charge. There were three or four occasions throughout the year where late notice resulted in ice sitting empty at the cost of the association.

One area of improvement of next year is better communication between Teams/League Scheduler/Ice Chair. There were times throughout the season where the league moved home games away from West Hants to an away game.

Although there was communications between the Teams and League Schedule this information never got passed to

the ice chair therefore a home ice slot sat empty and used. Any and all changes to league scheduled games need to be communicated to the ice chair when they happen.

During this past season both rinks were very accommodating if the association cancelled ice due to weather provided adequate notice was given and that it was done at an association level with all teams cancelling so rink personnel could be released early.

All in all the season ran fairly smoothly from an ice scheduling perspective.

Rob Hood  
Ice Chair- WHMHA

## Referee-in-Chief

This was an amazing year to say the least. I could not have imagined this year being such a success, we had 34 officials registered in West Hants. We held several on-ice sessions and classroom sessions with all newer officials to build confidence and mentorship within our group. We have the roots planted and have the start of an amazing female program with 3 female officials this year and actively recruiting for next season. We assisted Acadia Minor hockey on many occasions this season with up to 8 officials on numerous weekends. We provided officials for all West Hants Games this year with full complement. We also provided officials for the 2 weekends of Birthplace of Hockey tournaments. And numerous other high school events. This was also the first year that we performed evaluations on all officials, which went very well and helped all officials in their performance.

We had a number of officials that requested some higher levels of hockey this year and with Ray Croft's and Jamie Leighton's assistance we made this happen, we had 11 different officials invited to the valley and city to officiate high performance hockey, They all did West Hants proud. We assisted with the female provincials sending 5 officials to the tournament.

We also have 2 male and one female west hants officials that have been invited to Hockey NS high performance camp in Antigonish this summer.

In closing I have been told by Ben Larouch that at this time West Hants has the most up and coming young officials in the western area, on hearing that I could not be prouder to be a part of this fine group of West Hants Referees!!!

Andy McDade-WHRIC

## Fund-Raising Coordinator

### ○ **Fundraising:**

Team level fundraising went well this year. We did have one issue early on in the season where our lotto permits were restricted and we were under review for not following a few rules. Some lessons were learned and, hopefully, we don't encounter this again.

The main problem was that people applying for permits were not reading and abiding by the rules stated in their permit guidelines.

Things that our association was doing wrong that I myself have only learned of this season are the following:

-Only coaches and managers of teams are permitted to apply for a lotto permit.

-There are no lotto permits that allow online selling (such as accepting e-transfers to purchase tickets....).

-Fundraisers such as square boards and Grand in Hand are only to be used at a single event, and they cannot last more than one day. These fundraisers are best suited for an event such as an auction, dance, etc.

-All fundraisers must have fundraising coordinator's email address on the application so that a copy of the permit is sent to the Fundraising coordinator as well.

### ○ **Birthplace Tournament:**

It was wonderful to see the Birthplace of Hockey Tournament finally run after a few years of being shut down. It was great that we were able to make use of so many supplies that were already purchased from 2020. Our banners were edited by PR Direct to have proper divisions and year. We got stickers from Sticker Hut to cover our birthplace medals with the proper division and year. We were able to use all of the gift cards and run a gift card tree fundraiser. And we also brought in some proceeds by running square boards.

### ○ **50-50:**

We had one Association 50-50 draw this season in December. The draw was fairly easy to set up as we received permission from the Lotto Corporation to reuse our old leftover 50-50 tickets with the old permit number on them. That made the cost of running the draw very minimal. The Association's only cost was paying the \$71.71 for the 2.13% of winnings for the lotto permit. The total amount sold for the draw was 3367 tickets.

As with our 50-50 from last year, I think our members greatly appreciated having the option to choose to participate or not to participate, totally based on their own needs. The teams and members decided amongst themselves whether they would keep the proceeds to go toward team fees, or whether individuals wanted to use them toward their own hockey-related expenses. Overall, I would say this fundraiser was a success. And we still have enough tickets left over if we wanted to run the same draw again next year.

Hayley MacAusland

West Hants Minor Hockey Association -Fundraising Coordinator

## Publicity Chair

It was great to begin this season without restrictions and protocols preventing a normal year. We continued to use our Facebook page and email via Teamsnap to communicate with members. Throughout the season we had some cancellations due to power outages, weather, road conditions etc and we tried our best to inform all members in a prompt manner.

This year we have many things to celebrate and promote through our association for former and current Warriors including making teams of various levels, the female hockey team in PEI for the Canada Games, our upcoming graduates, etc. We were also happy to acknowledge the growth of our female presence in the sport. This year we were ecstatic to post the participation of more female referees in our games, as we celebrate helping host our U11C all female team.

We continued to post and help support both the male and female Avon High School teams for their game dates, as well as our neighboring associations who were offering opportunities to all minor hockey players.

I encouraged teams to send pictures of celebration and notable events that they wanted shared and will continue to do so in the upcoming season. Please contact me with any questions regarding publication and sharing information and I will do my best to make it accessible as quickly as possible to all those intended to see. I will also continue to make it clear as to who to direct specific questions and topics to so that answers can be obtained for members in a timely manner.

Thanks again for another fun season of celebrating our association and getting to post them for all to see!! I cannot wait to see what our 2023/24 season brings :)

Yours in social media,

Jennifer Sutherland-Chiasson

Publicity Chair

## Registrar

To whom it may concern,

The 2022-2023 minor hockey season has been my second year serving as registrar for West Hants Minor Hockey Association.

This year I attended several information sessions from Hockey Nova Scotia and Hockey Canada to ensure our registration and rostering practices are in line with current guidelines to help make the registration process as easy as possible for new and returning players.

We continued the use of TeamSnap as our online registration platform and team management tool, which provides great integration with the HCR 3.0.

Hockey Canada has made some changes and updates this season to its membership platform (HCR 3.0). This year they collected new mandatory profile information that included gender identity, ethnicity and birth country.

West Hants continued to offer discounted returning goalie registration this year as well as removed the U9 placement fee charged in previous years.

Numbers:

We rostered 297 players across the recreation program and 13 teams, the exact same number of players as we did in the 2021-2022 season. Of these, 27 were female, compared to 36 last season. This drop in female numbers is largely due to the partnership West Hants Minor Hockey had with Valley Wild to offer an all female U11C team run out of West Hants area but with the registration handled by Valley Wild. The girls are still on the ice, so objective met!

We had 21 new rostered players from U9-U18. 3 coming from Rec program, 12 were new players and 6 were shared transfers with other associations. Our U7 team had a roster of 40 players, in line with the previous year and only 6 U7 players did not return from last season.

Coming out of 3 years of restrictions, I believe West Hants has sustained great numbers considering we hosted one team less than last season as well as the female Valley Wild-hosted West Hants team. Our Rec program continues to gain popularity which has contributed to those numbers as well.

I look forward to serving as your registrar again next season!

Kristen Bonang

## Development Coordinator

The season for me, was one of learning for me, understanding the inner workings of the association, The coaches and the players was a priority for me this year. The result was me feeling more comfortable moving forward for next year. I would like to thank the board for trusting me in this position.

I came halfway through the season and felt welcome since day one thank you. I am excited for next year to start. Overall I think our association was well represented by our coaches, managers and players for learning and listening and putting our best effort in every time we were in the rink no matter which one it was.

Here is a brief summary from the season

### Goalie development

Our goalie development night was a hit with our goalies and important to keep developing goalies for our association. Coaches were involved all the time. The goalies listened and developed the whole time. This is a great program and is important to not forget about our goalies and have programs available for them. Thanks to Ray and Graydon for putting this together.

### Development night

I came in a couple sessions into development nights which is great for our kids, learning new skills, keeping up on skills and adding new skills to the tool box. This is also for coaches to come out and get a different experience, I encourage our coaches to come out and help. Our kids from u-9 to u - 13 came every Wednesday and worked hard, payed attention and had a great attitude. Thanks to the players and

coaches that were involved, excited to see everyone next year with more things to come.

Things I would like to introduce to development

Battle camps (pre season, during the season)

More pre season training camps

Forward and defence specific training

More attention to goalies and their development

Getting involved more in the grassroots u-7 u-9

Coaches meetings and seminars

Thanks everyone

Have a great summer see you in the fall

West Hants Minor Hockey

Development

Marc Bildstein

## Equipment Coordinator

We wanted to start by thanking our sponsors, local business and community organizations who continue to support us and make it possible for our members to join and play hockey. A special thank you to:

- **Tim Hortons** – *Your incredible support has helped our U7 & U9 teams hit the ice every year with smiles on their faces and helps us recognize their effort with medals and team swag at the end of the season. Thank you!*
- **MacDonalds** – *Your annual generosity and support provided our U11 C West Hants Warriors and the first ever U11 C Valley Wild Avalanche Girls team in Windsor this year with jerseys, socks & hats to play the sport they love and grow their skills. Thanks for being there, every year!*
- **Sport Wheels** – *Thanks to your generous equipment donations, we were able to help families and kids join hockey and access quality second hand equipment to keep costs affordable and provide more opportunity for kids in our community to play.*

**Looking ahead to next year...** This year, we learned a lot and are looking to make equipment ordering, inventory management, and jersey returns smoother for parents, managers, coaches and the Association. Here are important updates:

- **Jersey Return:** Jersey return was a challenge again this year. We still have many teams who have not yet returned their jerseys, impacting our ability to complete an inventory and order for next season. Please note that failure to return jersey sets on time or individual jerseys in good condition will result in a \$70 replacement fee for players and the player will not be able to participate in tryouts until either the amount is paid or the jersey set is returned in good condition.
- **Jersey Inventory Tracking:** Going forward, we will be issuing a tracking sheet that is required to be completed and returned by the team to the Equipment Manager at the beginning of the year without exception. This tracking sheet will be used to verify the successful return of all issued jerseys in *good and clean* condition.
- **Jersey Name Bars:** This year, there were a number of jerseys damaged due to how name bars were put on jerseys. Name bars can be used but must be hand / machine sewn and taken off carefully with a seam ripper at the end of the year. Ironing on name bars or using double-sided Velcro *are not accepted* due to the damage they have caused to jerseys (including newer jerseys) this year.

- **Equipment Rooms - Restricted Access:** We struggled to keep equipment rooms tidy this year, and had situations where bins were gone through and rooms were left in a mess. A reminder that equipment room access *is restricted to coaches only*. If equipment is borrowed from the room(s), coaches are accountable to notify the Equipment Manager of anything borrowed *for longer than one day use*. If you are using the equipment room, please ensure things are put back where you found them and take any garbage out.
- **Coaches Equipment:** We are seeking to make investments in equipment that coaches need to support player development. To make the most of our budget, we are focusing on pooling resources for larger items needed and ask that teams build whistles, coaching boards, and replacement pucks (if needed) into your team budget/ fundraising plans. We will continue to supply 1 x first aid kit per team and pucks for each rink location. On the subject of pucks – they kept disappearing this year in Brooklyn & Windsor. A friendly reminder to ensure buckets are put back at the team benches at the end of practice. Extra pucks can also be placed in the dump bins in the referee rooms (will be set up this year).
- **Jersey Replacements** – Each year, we budget for 1 x replacement set and will select the team who needs it the most following final inventory review this summer.
- **Old Jerseys** – We will be selling off old jerseys again at the beginning of the fall season for \$10 per jersey. Any money raised will be reinvested in equipment ordering. This is a great opportunity to grab a practice jersey! More details to come.
- **Equipment Donations** – We are accepting donations of used equipment to help kids get outfitted for next year and keep costs affordable for families. We are in special need of goalie equipment. If you have any equipment you would like to donate, please contact the Equipment Manager who will arrange pick up. We are planning an equipment fitting / swap event to kick off the season this year.

Thanks again for all of your support. Looking forward to another great season!

Krista Beaton

Equipment Manager

Equipment@westhantswarriors.com
